been damaged and many people are hurt and many people are trapped. One sister from the church in Canada was able to get to her husband, who is a disciple and a physician on the board of HOPE-Haiti. Unfortunately he is hurt badly as the office he works in was destroyed. He is seeking medical attention. As soon as I get more info I will pass it on. Thanks for your concerns, support and prayers.

— Stanley Dumornay (former leader of Haitian churches), New York

Here is what I know for sure.

1. The lead evangelist Jorel and his wife and kids are safe but their home was destroyed.
2. There are 2 members of the church who have been reported dead. (The membership of the church is 300 adults)
3. The church building (which was owned by the church) was destroyed.
4. The airport is shut down
5. Ground transportation is not possible
6. Help is being flown in via helicopter
7. A member of the church and a physician and board member of HOPE-Haiti (a benevolent arm of the church) was hurt badly as the office he works in was destroyed.

# Two Disciples Die in Haitian Earthquake

by Roger Lamb — North America / Caribbean >> Caribbean

The largest earthquake ever recorded in the region hit 10 miles from the Haitian capital of Port au Prince on Tuesday. As the poorest country in the western hemisphere, the people are suffering devastating losses. Two disciples have died and the Port au Prince church building is destroyed along with many homes. See below for what we know at the moment. Disciples Today will keep you posted on news of disciples in Haiti and how you can help.

So far this is what we know. Jorel Claude who leads the work there was out when it happened but his wife and his two boys were able to get out of their house before it went down. As of now they are fine but we don't know about their living situation. The church building is destroyed and so far 2 disciples have died that we know of. I will send news to you as I get it.

— Wilner Cornely (planted the church in Haiti), Chicago

I wanted to give you somewhat of an update on Haiti. Very little is known besides what we are getting on the news. The extent of the damage is not known. I have not been able to get to my family nor to anyone from the church. What we know is that many buildings have
